Ebook Details:

Review: Becker, a professor of philosophy at the College of William and Mary, seeks to sever quaint naturalist assumptions from the ethical propositions at the heart of the stoic philosophy. The ancient stoics were persuaded that each person should live in contentment whatever their circumstances because in so doing each contributes to nature's unknowable...

Description: What would stoic ethics be like today if stoicism had survived as a systematic approach to ethical theory, if it had coped successfully with the challenges of modern philosophy and experimental science? A New Stoicism proposes an answer to that question, offered from within the stoic tradition but without the metaphysical and psychological assumptions...
